FULL SYNOPSIS

Join Dr. Jan Einfeldt and Dr. Helen Ngo for a hands-on day where you learn how to:

- Use the iTero to help aid case selection for Invisalign cases.
- Modify the simulations on the Invisalign Outcome Simulator in 60 seconds.
- Increase case uptake.
- Efficiently communicate changes to simulations with Invisalign technicians.
- Gain confidence in using 3D controls on Clincheck.
- Streamline the refinement process.
- Unlock the full potential of the iTero for your restorative workflow.
- Use iTero as the ultimate communication tool
- Communication with your chosen restorative laboratories and sending cases.

This is an intense hands-on workshop with a small group of dentists who want to take their digital journey to the next level.
